Company

GBS was established in March 1999 and is located in Novi, MI, a metro Detroit suburb in the heart of the automotive industry. Our offices are located just 30 minutes from the GM Tech Center in Warren and Pontiac, the Chrysler World HQ in Auburn Hills, the Ford Motor Company and many Tier 1 Suppliers. The trilingual GBS management team takes care of day-to-day business for GBS and its partners. We assist you in defining your market entry and growth strategy and support you in the marketing and sales of your products.

Fully equipped conference room facilities, office space, telephone answering, administrative support etc. are available. We have a proven record of sales.

Our combined technical and commercial services ensure your successful future in the Americas and Europe!
